## ***A CHARCOAL BROILER***

Which is, in short, broiling over an open fire, stands in our opinion as the remote starting point and the very genesis of our art. It was the primeval notion of our forefather's drive for progress; and motivated by an instinctive desire to eat with greater pleasure. It was the first culinary method ever employed and in our opinion has never been improved upon.

**Please Read and Order Your Steak Accordingly**  
**RARE, Red Cool Center**  
**MEDIUM RARE, Red Warm Center**
